DRYWALL BEAD ACCESS DOOR

PRODUCT DESCRIPTION

The DWB Series drywall bead access door is fabricated from 16-gauge galvanized steel with a white prime coat finish suitable for painting. The drywall bead frame is designed to be finished with joint compound so it blends into the surrounding drywall surface. Pre-punched flange mounting holes permit fastening directly to framing members with drywall screws, and 1/4-inch frame mounting holes allow direct anchoring to studs. The door uses a continuous piano hinge to prevent distortion and close the door squarely, with a standard screwdriver-operated latch.

FEATURES

- Door and frame are fabricated from 16-gauge galvanized steel.
- White prime coat finish is suitable for painting.
- Concealed continuous piano hinge prevents door distortion and promotes square closing.
- Standard latch is screwdriver operated.
- Frame has mounting holes for direct anchoring to studs.
- Drywall bead permits joint compound application over the frame bead with surrounding drywall joints.
- Doors are designed for flush installation in drywall surfaces.

APPLICATION

Used to provide a finish-ready access opening in drywall wall surfaces; the drywall bead frame blends into adjacent drywall when finished with joint compound.

MATERIAL

Frame: 16-gauge galvanized steel

Door: 16-gauge galvanized steel

DETAILS

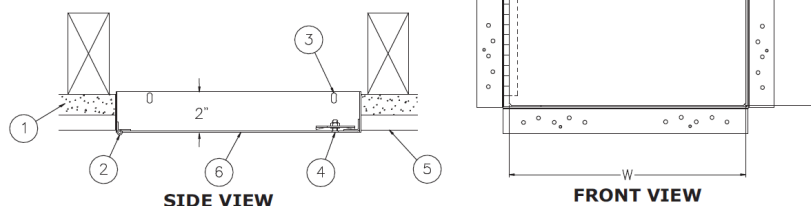

STANDARD AVAILABLE SIZES

Special sizes available upon request.

NOMINAL DOOR SIZE (W x H)	WALL OPENING (minimum required)	LATCHES	WEIGHT
DWB 8" x 8"	8-1/4" x 8-1/4"	1	3.5 lbs.
DWB 10" x 10"	10-1/4" x 10-1/4"	1	4.5 lbs.
DWB 12" x 12"	12-1/4" x 12-1/4"	1	6 lbs.
DWB 14" x 14"	14-1/4" x 14-1/4"	1	7 lbs.
DWB 16" x 16"	16-1/4" x 16-1/4"	1	8 lbs.
DWB 18" x 18"	18-1/4" x 18-1/4"	3	11 lbs.
DWB 22" x 22"	22-1/4" x 22-1/4"	3	15 lbs.
